The CIMETER will not be issued next week, because of Thanksgiving our force desires to return thanks.

The "Grip Sack" leader was pinned to the wall on the 20th. Dr. Washington struck some of our home talent square in the center.

E. I. Saddler, E. P. McCabe, G. W. F. Saunders, Judge Perkins and the other leaders of our people in Oklahoma entertained Dr. B. T. Washington at Guthrie last week.

The immoral teacher and immoral preacher received a liquid dose of Pluto. The Cimeter has been hammering on this class of cusses for a long time. Our effort is bearing fruit.

Some of the pot house politicians who at Washington fighting the appointment of Judge Raymond will get their tail feathers scorched before the homeward journey and some later one.

The Slogan of the Chronic kickers at Washington is anything to beat Raymond. The majority of these fellows are disgruntled lily white Republicans and disgruntled Democrats and a few mug wumps thrown in for good measure.

Women who loaf around court houses and other public places and who are continually racing from town to town on rail roads, are of no benefit to the race, and using a Western phrase are not worth a tinkers' d-n.

Its Judge Raymond against the field and we are still where we were at the beginning. It would be a calamity to gratify the greed and thirst of the political misfits and buccaneers who are clamoring for his defeat.

Single statehood will make the Indian Territory blossom as a rose and the people will decide whether we shall have prohibition or not. While we are and has always been in favor of the restriction of the sale of intoxicants, still we think the majority of the people should have an opportunity to register their vote and settle the question.

Ingratitude is the most heinous crime known to man and there are several cusses, white and black, around this burg who have large chunks of that article sticking all over their worthless hide. Is it plain, cusses?

The advice given our people by Mr. Washington will assist materially in helping them save their lands, build good homes, and become up to-date farmers. His trip to the Indian Territory has been a profitable one to our people.

The villianous reports about Judge Raymond that are being published in the metropolitan dailies can be traced to the gang now in Washington from Muskogee. These reports bear falsehood on the face when they say that all the lawyers and all the people are against Raymond. Only a few lawyers; the most of them in Muskogee are against Raymond. Of course the Muskogee Bar Association, composed of just some of the lawyers of Muskogee arrogate to themselves that they are the lawyers of the Western District and the people as well, hence the claim that all the lawyers and people are against Raymond.

And again there are a number of colored lawyers in Muskogee and not one of them is or can be a member of the Bar association as it now stands. We went there one day and the fellows got nervous and passed some d-n fool rule that an applicant, no matter if he is admitted to practice must have a recommendation from two members before he could get in and we saw no members present except lily white Republicans and moss back Democrats and hence our show was bad. Prior to this the rule was pay \$2.00, and we had the \$2.00. Great cusses this Muskogee Bar Association.
